

COMMUNICATING WITH US: MEET AODS!

About Behavioral Health

Behavioral Health Services Division of Contra Costa Health Services combines Mental Health Services and Alcohol & Other Drugs Services into a single system of care. With increasing challenges in serving complex populations with multiple needs, our Division is better prepared to respond to the growing desire of improving consumer outcomes through a systems approach that emphasizes "any door is the right door," and that provides enhanced coordination and collaboration when caring for the "whole" individual. The mission of Contra Costa Behavioral Health, in partnership with consumers, families, staff, and community-based agencies, is to provide welcoming, integrated services for mental health, substance use and other needs that promote wellness, recovery, and resiliency while respecting the complexity and diversity of the people we serve.

About Alcohol and Other Drugs

Alcohol and Other Drugs Services (AODS) "puts people first." The mission of AODS is to advocate for alcohol and drug free communities by promoting individual and family responsibility, hope, and self-sufficiency. Please feel free to reach us if you have any questions, concerns, ideas, etc.
